

# Seeking Finish Carpenter

At **JRP Design & Remodel** we strive to provide our clients with an exceptional remodel service. Since 2001, our experienced, professional staff of designers, architects, project managers, and our interactive design center has provided a remodel experience that is unequaled. If you'd like a rewarding position with an organization that promotes a strong work-life balance, respect among its employees, excellent benefits, and is a fun place to work, we'd love to talk to you.

## WHO WE ARE:

In 2001 JRP Design & Remodel began as a kitchen and bath contractor. Over the years, Justin Pecikonis and his wife, Lori Lynn Pecikonis, have grown JRP into one of the finest and most reputable design-build firms within the Conejo Valley. We continue to build the company on consistent communication, client focus, and trust. Unified in our mission, JRP Design & Remodel prides itself in providing our clients with cutting edge design, superior craftsmanship, and an exceptional remodeling service that is unparalleled. Our client first focus has proven itself through our consistent high record of both repeat customers and client referrals. Our consistent reputation in customer satisfaction has played a key role in establishing JRP Design & Remodel as a leading Conejo Valley remodeling and design-build firm.

## HOW YOU CAN HELP:

JRP is looking for an experienced **Finish Carpenter** to join our team. This individual will cut, shape, and assemble wooden articles or set up and operate a variety of woodworking machines to surface, cut, or shape lumber and fabricate parts for wood products. This talented and creative individual has extreme attention to detail and is passionate about executing flawless carpentry design. In addition, they will install finish trim such as base, case, crown molding, window and door jambs, as well as the complete installation of doors, windows, and custom cabinetry.

## WHAT YOU WILL NEED:

- 5+ years experience with residential building maintenance or finish carpentry experience required
- Extensive knowledge of power tools
- Possession of tools and reliable transportation to job sites
- Excellent written, oral & interpersonal communication skills
- Experience and ability to read plans
- Ability to lift up to 70lbs and climb ladders
- Ability to work in face-paced work environment

## HOW WE CAN HELP YOU:

At JRP, our employee's health and happiness is a top priority. We offer a great work environment and excellent benefits.

### Our Perks Include:

- Fun & Rewarding place to work
- Great Benefits Package – including Medical & IRA
- Paid Vacation and Sick Time
- Competitive Pay
- Employee Events and Parties

## HOW TO JOIN OUR TEAM:

If you are interested and you meet the above qualifications, we'd love to learn about you! Please submit a cover letter, resume, and portfolio to: [hr@jrpdesignandremodel.com](mailto:hr@jrpdesignandremodel.com)
