

Seeking Interior Designer

At **JRP Design & Remodel** we strive to provide our clients with an exceptional remodel service. Since 2001, our experienced, professional staff of designers, architects, project managers, and our interactive design center has provided a remodel experience that is unequaled. If you'd like a rewarding position with an organization that promotes a strong work-life balance, respect among its employees, excellent benefits, and is a fun place to work, we'd love to talk to you.

WHO WE ARE:

In 2001 JRP Design & Remodel began as a kitchen and bath contractor. Over the years, Justin Pecikonis and his wife, Lori Lynn Pecikonis, have grown JRP into one of the finest and most reputable design-build firms within the Conejo Valley. We continue to build the company on consistent communication, client focus, and trust. Unified in our mission, JRP Design & Remodel prides itself in providing our clients with cutting edge design, superior craftsmanship, and an exceptional remodeling service that is unparalleled. Our client first focus has proven itself through our consistent high record of both repeat customers and client referrals. Our consistent reputation in customer satisfaction has played a key role in establishing JRP Design & Remodel as a leading Conejo Valley remodeling and design-build firm.

HOW YOU CAN HELP:

JRP is looking for an outgoing, organized, team player, with technical skills in CAD and 20/20 cabinet layout, to join our design team as an **Interior Designer**. This role is an essential part of our design team, and will help our clients' visions come to life. This person is responsible for fully designing kitchens, baths, and whole home remodels; as well as other general space planning, including interior architectural finish selections and specifications. This talented and creative individual is passionate about design and the impact it can have. Interior designers frequently meet with clients to help bring beautiful, functional, and cost effective designs to fruition, and must be great at helping clients make decisions. In this role the designer will work closely with our production and sales teams; thorough communication is essential.

WHAT YOU WILL NEED:

- 4+ years experience with residential space planning, schematic design, design development, and construction documents
- Excellent client communication skills
- Excellent organization and project follow through
- Degree preferred, not required
- Ability to work in face-paced work environment

HOW WE CAN HELP YOU:

At JRP, our employee's health and happiness is a top priority. We offer a great work environment and excellent benefits.

Our Perks Include:

- Fun & Rewarding place to work
- Great Benefits – including Medical & IRA
- Paid Vacation and Sick Time
- Competitive Pay
- Employee Events and Parties
- Continued Education & Industry Certifications

HOW TO JOIN OUR TEAM:

If you are interested and you meet the above qualifications, we'd love to learn about you! Please submit a cover letter, resume, and portfolio to: hr@jrpdesignandremodel.com
