

Seeking Junior Architect

At **JRP Design & Remodel** we strive to provide our clients with an exceptional remodel service. Since 2001, our experienced, professional staff of designers, architects, project managers, and our interactive design center has provided a remodel experience that is unequalled. If you'd like a rewarding position with an organization that promotes a strong work-life balance, respect among its employees, excellent benefits, and is a fun place to work, we'd love to talk to you.

WHO WE ARE:

In 2001 JRP Design & Remodel began as a kitchen and bath contractor. Over the years, Justin Pecikonis and his wife, Lori Lynn Pecikonis, have grown JRP into one of the finest and most reputable design-build firms within the Conejo Valley. We continue to build the company on consistent communication, client focus, and trust. Unified in our mission, JRP Design & Remodel prides itself in providing our clients with cutting edge design, superior craftsmanship, and an exceptional remodeling service that is unparalleled. Our client first focus has proven itself through our consistent high record of both repeat customers and client referrals. Our consistent reputation in customer satisfaction has played a key role in establishing JRP Design & Remodel as a leading Conejo Valley remodeling and design-build firm.

HOW YOU CAN HELP:

JRP is seeking an intellectual and dynamic individual to join our team as a **Junior Architect**. This talented person is passionate about design and has experience with high-end residential projects and detailing. They will be an essential part of our design team, and assist with preparing designs, completing construction documents, and writing up building plans. In this role the Junior Architect will influence and further develop the company's design vision, while assisting in the design of remodels, additions, new homes, and architectural finishes. This individual is a deeply logical thinker with an eye for detail and design, and an ability to solve problems efficiently. This person effectively meets deadlines and is capable of communicating with clients and working as part of a team.

WHAT YOU WILL NEED:

- Bachelor's Degree in Architecture
- State Architectural License (*currently accepting applicants in the process of completing license requirements*)
- Excellent verbal & written communication skills
- Excellent organization & follow through
- Strong Knowledge of construction process & methods
- Demonstrated proficiency in AutoCAD and Revit
- Knowledge of local and national building codes, and local permitting process, is a plus
- Ability to work in face-paced work environment

HOW WE CAN HELP YOU:

At JRP, our employee's health and happiness is a top priority. We offer a great work environment and excellent benefits.

Our Perks Include:

- Fun & Rewarding place to work
- Great Benefits Package – including Medical & IRA
- Paid Vacation and Sick Time
- Competitive Pay
- Design Award Winning Projects
- Employee Events and Parties

HOW TO JOIN OUR TEAM:

If you are interested and you meet the above qualifications, we'd love to learn about you! Please submit a cover letter, resume, and portfolio to: hr@jrpdesignandremodel.com
