

# Seeking Project Estimator

At **JRP Design & Remodel** we strive to provide our clients with an exceptional remodel service. Since 2001, our experienced, professional staff of designers, architects, project managers, and our interactive design center has provided a remodel experience that is unequaled. If you'd like a rewarding position with an organization that promotes a strong work-life balance, respect among its employees, excellent benefits, and is a fun place to work, we'd love to talk with you.

## WHO WE ARE:

In 2001 JRP Design & Remodel began as a kitchen and bath contractor. Over the years, Justin Pecikonis and his wife, Lori Lynn Pecikonis, have grown JRP into one of the finest and most reputable design-build firms within the Conejo Valley. We continue to build the company on consistent communication, client focus, and trust. Unified in our mission, JRP Design & Remodel prides itself on providing our clients with cutting-edge design, superior craftsmanship, and an exceptional remodeling service that is unparalleled. Our client-first focus has proven itself through our consistently high record of both repeat customers and client referrals. Our consistent reputation in customer satisfaction has played a key role in establishing JRP Design & Remodel as a leading Conejo Valley remodeling and design-build firm.

## HOW YOU CAN HELP:

A **Project Estimator** is an essential part of our team who possesses excellent communication skills and is proficient in MS Office, and current on-trend estimating tools. They are responsible for providing and coordinating estimating services on multiple projects and have a basic understanding of construction costs as it relates to all building systems. Estimators handle multiple trades and have a basic understanding of how to compile an estimate and cover all construction aspects appropriately. Work with cross-functional teams to obtain information and move projects forward. Strong ability to read construction documents. Other responsibilities may include drafting/managing change orders, and requests for information.

## WHAT YOU WILL NEED:

- 3+ years of experience
- Residential construction background
- Excellent client communication skills
- Excellent organization and project follow through
- Ability to work in fast-paced work environment

## HOW WE CAN HELP YOU:

At JRP, our employees' health and happiness are a top priority. We offer a great work environment and excellent benefits.

### Our Perks Include:

- Fun & Rewarding place to work
- Great Benefits Package – including Medical & IRA
- Paid Vacation and Sick Time
- Competitive Pay
- Employee Events and Parties

## HOW TO JOIN OUR TEAM:

If you are interested and you meet the above qualifications, we'd love to learn about you! Please submit a cover letter, resume, and portfolio to: [hr@jrpdesignandremodel.com](mailto:hr@jrpdesignandremodel.com)
